

remember passing the Parker Home, and as far as I can remember we did not pass the Parker Home. I do not remember my mother, Mrs. Mary Demarest, calling my attention to this fact either when we passed them or later when we arrived home. I did not know my mother, Mrs. Mary Demarest, has made a statement about my being with her on the ride and her calling my attention to what she saw until I saw it in the newspapers, as my mother, Mrs. Mary Demarest, has not spoken to me about this matter. My mother and I are on good terms and so far as I know are still on good terms. When I was a member of the Church, and I still am a member of St. John the Evangelist Church, I used to help around the Church in guild work, and help clean and keep the altar in proper condition, and I never saw anything out of the way. I was subpoenaed by the State, although I have never been questioned, and after sitting the first day of the trial in the Court room, the detectives for the State spoke to me and upon listening to my story, they took away my subpoena. They have been to my home twice when I was not home.
